

**MBA 2-YEAR PLANNING CALENDAR
ON-LINE COURSES ONLY**

Please note that this calendar is provided for the purpose of matriculation planning. The dates are approximate and are subject to be added or deleted, based on enrollment demand. Courses with 8 or fewer students enrolled will be cancelled. Each track is based on a specified course sequence, necessary to complete the core requirements. Students should select a track and remain on that track. If two or more tracks are combined, students may find themselves out of sequence and unable to proceed without the necessary prerequisites. Students should refer to the suggested course sequence under the Concentration tab.

Class Times

The academic week begins on Monday and ends at midnight on Sunday.
