

## **Over Award Policy**

The Executive Council of North Greenville University has passed the following policy:

Institutional aid plus all outside grants and scholarships (except for student loans) may not exceed actual school charges for tuition, room, board, fees, and books. The cost for college trips are the responsibility of the student.

Car registration fees, fines, and supplies are not included.

The Financial Aid Office shall adjust a student's financial aid as needed to implement this policy.

Students who receive sufficient grants and scholarships which cover the cost of education will not receive a refund unless all the grants and scholarships are non-institutional funds and approved by the granting agencies.

For clarification, contact the Financial Aid Office.
