

IGL Trip Details

Clarkston: SPRING BREAK (March 5-11, 2022)

Cost: \$550.00 per person

Team Leader: Brett Plyer

Clarkston, Georgia, has been called “the most diverse square mile in America” and “the Ellis Island of the South.” It is home to people, many of them refugees, from more than 40 countries who speak more than 60 languages. It is a unique and compelling place for ministry – that is what makes it so unique.

Partner with the Send Relief Ministry Center and work alongside local pastors, church planters and other local Christian ministries in a variety of community engagement efforts in the Refugee communities that call Clarkston home. Many mission experiences focus on doing work projects. In Clarkston, the people are the ministry. Getting to know about them and their diverse cultures is the focus. The idea of “People over Projects” leads the work. This does not mean that projects are not important in Clarkston, they just have a different focus. Projects in Clarkston revolve around the people and getting to know them and their culture. ESL and other Reading Assistance Programs are needed and important. School Outreach / Day Camps and Assistance and Community Service and Beautification Projects are also ways that the Send Relief Ministry Center engages with the community.

Miami: SPRING BREAK (March 5-11, 2022)

Cost: \$650.00 per person

Team Leaders: Connor Graves & Hannah Staubs

What do you think of when you hear Miami? Beautiful beaches? Sunny skies? Spanish flavors and sounds of Calle Ocho or Little Havana? Or, do you think of the Art Deco designs of the building with neon lighting for effects? Miami is all of this, but so much more. Miami is a city of contradictions. It is ranked as the third richest city in America and eighth in the world according to a 2018 USB study of 77 world cities, but 1 in 4 people live in poverty. Doing ministry in Miami has its own unique flair in this exciting location.

Your mission experience will include working alongside some of the established and emerging church planters in the Miami area; as well as with well-established churches. This work will include opportunities to assist with mercy and compassion projects and through outreach opportunities into new communities where a church plant is being established.

New York City: SUMMER (May 2nd-8th, 2022)

Cost: \$1200.00 per person

Team Leader: Jared Thomas

Trip Description:

The NYC Metro area is the most diverse place on the planet! Imagine any people group, any hobby, any need, they all exist in New York City, and they all need to hear the truth of the Gospel. Over 8 million people call NYC home, yet only 3% of them know Jesus as their Savior. We are excited to offer you an opportunity to experience first hand what ministry here looks like!

Participants will have the opportunity to make a global impact by coming alongside pastors, church planters, and ministry leaders who work in unreached people group engagement, church planting, community service, and more! We pray that you will come to see how God is moving here, and maybe how God can use you here in this city that needs the hope of Jesus Christ!
